**Project Description:**

The project is worked on a natural-coloured linen cotton blend fabric using DMC threads and Miyuki beads.

Step by step instructions, along with colour images, diagrams and stitch guidelines are provided in the booklet that accompanies the full kit. Class work will be done on a doodle cloth with additional threads and beads that are provided in a teaching kit. High resolution video clips for all the stitches and techniques that are taught in the workshop will be provided in an online stitch dictionary that is in an online private domain so that participants will be able to reference them during and after the event. Students will be provided with the link and password for the private domain so that they will be able to access the online stitch dictionary. Access to the online stitch dictionary does not expire.
